

FFYs 2022–26 Transportation Improvement Program (TIP) Amendment Eight

08/04/2022

				Overall Changes in Funding in TIP		
Project	Proposed Change	Explanation	Section/Funding Source	From	To	Difference
<i>FFY 2022 State Highway Program</i>						
609090: Boston-Milton-Quincy - Highway Lighting System Replacement on I-93, from Neponset Avenue to the Braintree Split	Remove Project	Project proposed for removal from the FFYs 2022–26 TIP as MassDOT has multiple projects within this same area of I-93 with overlapping schedules and work zones. MassDOT accelerated the design and award of the HOV Barrier project (Project #609119) to replace the existing movable HOV Barrier along I-93 using CRRSAA funds. Further, MassDOT will be advertising the I-93 Resurfacing and Related Work project (Project #608208) in May/June 2023. Because of this sequencing, these three projects cannot sustain construction at the same time due to proximity and work zone restrictions.	Section 2A: State Prioritized Reliability Projects (Safety Improvements)	\$12,658,545	\$0	-\$12,658,545
